Rate rules for metal plans

Understand the way rates are set in the small group market.

You'll use these factors to calculate rates for your metal plans:

- Rates Rates are calculated quarterly and based on the employer's physical address within the Georgia service area. These rates only apply to employees who work/reside in our Georgia service area.
- Individual age categories Rates are calculated by the age of each covered member on the plan's effective date. This includes:
 - Your employee
 - Employee's spouse or domestic partner
 - A maximum of 3 children under the age of 21 (additional children under 21 are covered at no additional cost)
 - All adult children ages 21 to 25, including those in school or living at home

Child dental coverage

Under the ACA, we are required to include pediatric dental benefits with your Kaiser Permanente health plans for those ages 18 and younger. The pediatric dental services are provided by Delta Dental Insurance Company.

You may contact Delta Dental at 1-800-929-2309 for questions with benefits or claims. If you currently have pediatric dental coverage through a stand-alone plan, you are no longer required to keep it. Pediatric dental benefits are not included with SHOP plans.

This group has 0 exempt children.

Only the oldest 3 children in a family under the age of 21 are billed.

All members in any given family must have the same health plan.

The total monthly premium reflects the current membership if enrolled into one plan. Actual monthly premium may vary based on membership, member eligibility, and plan selection. Out of Area members are not eligible for these plans.
