

Learn about your out-of-area benefit for dependent children

FOR MEMBERS ON SMALL GROUP (1–50 EMPLOYEES) AND INDIVIDUAL AND FAMILY PLANS¹

Your dependent children have access to care beyond urgent and emergency care outside the Kaiser Permanente network. Your out-of-area benefit covers routine, continuing, and follow-up care for dependent children residing outside the service area.

SERVICES

With this benefit, you will pay 20% of the charges for the service received.² This benefit includes the following services:³

- 5 office visits per year, including preventive care, primary care, naturopathic care, specialty care, outpatient mental health and substance use disorder services, and allergy injections
- 5 diagnostic X-rays per year (excludes CT, MRI, PET, and other specialty scans)
- 5 prescription drug fills per year

PAYMENT

You have 2 payment options for services you receive using the out-of-area benefit for dependent children:

- The health care provider can bill Kaiser Permanente directly, and no claim needs to be submitted.
- You can pay out of pocket and submit a Claim Reimbursement form for reimbursement. This form can be found at [kp.org/disclosures](https://www.kp.org/disclosures).

Payments for these services count toward your plan's out-of-pocket maximum.

¹The dependent out-of-area benefit isn't available to members enrolled in Point-of-Service (POS), PPO plans, Standard plans, Senior Advantage plans, or Cascade plans issued by Kaiser Foundation Health Plan of the Northwest. For members enrolled in KP Plus plans, Dependent OOA benefits are applied first until benefit limits are reached. KP Plus out-of-network benefits are applied last. Refer to your *Evidence of Coverage* for additional plan details.

²The cost share is subject to deductible on HSA-qualified high deductible health plans. The cost share is 0% after deductible is met on the Bronze 7100/0% HSA Plan.

²Emergency and urgent care is separate from the dependent out-of-area benefit. If you reasonably believe you have an emergency medical condition, which is a medical or psychiatric condition that requires immediate medical attention to prevent serious jeopardy to your health, call 911 or go to the nearest emergency department. For the complete definition of an emergency medical condition, please refer to your *Evidence of Coverage*.
