

Help your employees continue their health coverage

If your employees need help transitioning to new coverage, here are some ways for you to help them get started:

Create a communications plan

This outlines how you'll incorporate our continuation of coverage tools into the employee experience.

Share communication materials with impacted employees

- ▶ [Flyer](#) with overview of options
- ▶ [Push-ready email](#) outlining resources
- ▶ [Description of resources](#) for company intranet site
- ▶ [Offboarding overview](#)

Share our "How to stay covered" webinar

- ▶ Check our [webinar schedule](#).
- ▶ If many of your employees are impacted, talk to your Kaiser Permanente representative about scheduling a custom webinar.
- ▶ Post our [on-demand recorded webinar](#) on your intranet or in an employee email outreach.

Ask your Kaiser Permanente representative to contact your employees with coverage options

This requires at least a 4-week lead time before employees are impacted by any coverage changes.
