

Account.kp.org Introduction

At Kaiser Permanente, we know you have a lot to do to keep your business going.

That's why we created account.kp.org., a fast and easy way to administer your group health plan.

Whether you're a business owner, an HR representative, or a broker supporting clients, our online portal helps you take care of common tasks quickly and securely!

Account.kp.org makes it simple to:

- review health plan documents, like contracts and SBCs
- manage member coverage or personal information
- and view and pay your premium bills

all in one place.

And if you support a small group in California, you can also get quotes, make plan changes online and review your renewals.

Most transactions on account.kp.org are completed within minutes so keeping your member's information up to date is fast and easy.

Working online also reduces data errors and cuts down on paper forms, so you can work more sustainably and efficiently.

We're always working on new features and convenient tools to save you time.

Get your secure log in today and see what account.kp.org can do for you.
